Dear customers

Unfortunately, the farmer has recently looked very, very badly to our accounting pig.

As you can see, there is nothing left on the ribs and we are glad that we can finally be fed again.

After a long time of problems with our bank account we can now announce the new bank details.

Bank: NatWest

Bank Account: 74854976

Sort Code: 515003

We are confident that our pig will soon have bacon on the ribs again.

Thank you all for your patience and understanding.

Kind regards

Team Jumi Cheese London
